

Chittagong Grammar School Dhaka Students to Compete in Global Climate Literacy Competitions

Dear Parents,

Chittagong Grammar School Dhaka is proud to announce that students from classes 6, 7 and 8 will be participating in the groundbreaking **Global Climate Literacy Competitions**. Organised by [Green Guardians](#), the competition aims to engage students worldwide in building knowledge around critical environmental issues and empowering them to take climate action.

The first competition of its series begins on **November 4, 2024**. It is open to students (ages 11-14), offering an exciting opportunity to demonstrate their climate literacy and connect and compete with their peers globally.

As a critical asset in combating climate change, education can shape behaviours and develop skills for climate resilience. By participating in this competition, our school seeks to create the next generation of climate leaders and empower students to take action.

For more information about the competition or to follow the progress of CGSD students' performance, visit globalclimateliteracy.org/program/glc.
