MARCH 2024

Dear Parents,

In this edition of our school newsletter, I would like to shed light on our school's Round Square affiliation. Beyond the creative 'Postcard' invitations for online conferences, various competitions, training sessions, exchange programmes, and numerous other benefits, a significant aspect is the participation in international conferences. We frequently reach out to inform you about upcoming Round Square conferences, urging you to consider enlisting your child in these programmes. Participating in such initiatives not only contributes to their confidence and independence but also enhances their dynamism. Moreover, these conferences are a networking opportunity and delegates make connections that will bear fruit in future. Their conference participation will stand out in the years ahead as one of their most memorable school experiences. Therefore, I encourage you to seize these opportunities when they arise for your child.

As we conclude some significant events in the Winter Term, including term exams, the Annual Athletics, and the festive celebrations of Pohela Falgun along with Pitha Utshob, our school staff and teachers recently took part in a brief yet enjoyable retreat. Taking this moment to unwind, let loose, and recharge was essential amidst the bustling activities of February.

Looking ahead to March, we have the Parents-Teachers Meeting, followed by a week of classes during Ramadan, leading to a well-deserved break. Although classes will continue during Ramadan, assessments will take place with adjusted hours.

Thank you for your continued support and involvement in our school community.

Warm regards,

Rubaiyat Razzaque
