The Duke of Edinburgh International Awards 2024-25 notice

Dear Parents,

Greetings from CGSD!

The Duke of Edinburgh's International Award (DEA) programme is widely recognized by employers and education providers as the definitive qualification for demonstrating self-reliance, commitment, and dedication. The DEA programme aims to help students set personal challenges and push personal boundaries. This helps your child develop skills and aptitudes, becoming a confident adult, and qualities that colleges, universities, and employers are attracted to. They are required to be involved in community service, develop new skills, become physically fit, and complete an expedition in the outdoors.

Enrollment in the DEA award programme is compulsory for all students of Classes 8-10.

The Award is comprised of three levels (Bronze, Silver, and Gold) and four sections -**physical recreation, skills, voluntary service, and adventurous journey**. In the 2024-25 session, students of Class 8 will begin with the Bronze Award level while students of Class 9 and 10 will continue the current enrolled award level.
