MARCH 2025

Dear Students and Parents,
 As winter fades, our series of back-to-back events come to a close. We made the most of the season, enjoying numerous outdoor activities, including inter-class football matches, athletics and a trip to Chittagong for the Round Square Conference. A highlight of the season was Pitha Utshob, where students, with immense support from parents, brought a delightful variety of pithas, allowing the entire school to savour this cherished Bangladeshi delicacy. Another special event was the Alumni Dinner (a group pictured below), where former students from Chittagong and Dhaka reunited over dinner and music, strengthening their bond with the school and each other.

CGSD ANNUAL ATHLETICS 2025

The CGSD Annual Athletics activities were held in separate events during the past few weeks. Elementary years' students in Playgroup to Kindergarten went to Gulshan Society Park, for their event, where they participated in a variety of fun activities (below) designed by the games teachers. The parents also had a great time taking part in a team challenge with their own children.

EKUSHEY 2025

Students observed 'Ekushey Mufti' by dressing in black and white (above) and offering flowers to honor the language martyrs. They also learned about their sacrifices during their Bangla classes.

PITHA UTSHAB

Pitha Utshab was filled with celebration, with students dressed in traditional bashanti attire (below). They brought and learned about a variety of pithas, enjoying a fun-filled day with their friends.

With Artificial Intelligence: Threats and Opportunities as this year's theme, we recently held a Cyber Security session for students in partnership with Robi. As digital risks grow, students must be aware of online dangers, from interacting with strangers to falling for phishing scams. Experts answered student queries and provided valuable insights on protecting themselves online.

While other classes had more traditional track and field competitions and were able to display some of their athletic speed, stamina and strength. Some of the medal winners pictured below.

Service with 265 points, was Champion House, **Generosity** with 174 points, was Runners Up, with **Courage**, 3rd with 153 points.

Congratulations to all the participants!
