APRIL 2025

Dear Students and Parents,

"Quality education, combined with strong pastoral care, helps shape well-rounded individuals who are not only academically equipped but also empathetic and resilient," said Principal Sarah Williams, emphasizing the importance of holistic development in schools. With this in mind, we try to engage our students to get the most out of their Round Square Conferences. These experiences offer them a valuable opportunity to engage with peers and immerse themselves in the dynamic academic environment and experience the rich culture of these prestigious schools that host the conferences.

As we kick off after a festive holiday and fun Eid celebrations with friends and family, we aim to get serious with our academics during the last leg of the session. We strongly believe in the importance of consistency and following through on our commitments. As promised, we continue our efforts to assist those affected by the floods. The students of classes 3-7 came together to create and sell Eid cards, (pictured below) raising funds for the 4th phase of our flood relief drive. These funds will be distributed during Ramadan to those in need, further teaching our students, the importance of supporting the community in meaningful ways.

With these initiatives, we continue to foster a spirit of giving and academic excellence, ensuring that our students are equipped to make a positive impact in both their studies and their communities.

Our recent PTM was well attended and as always we are thankful for your support. Wishing you all a wonderful Eid-ul-Fitr. Ridwana Ali Head of Elementary

RS REGENTS' CONFERENCE

Regent's International School in Bangkok, recently A CGSD delegation is off to attend a Round hosted a Round Square Conference, themed "Shaping the Future, Embracing Change." Through engaging discussions, interactive activities, and thought-provoking workshops, students explored what it means to become change-makers, and apply these lessons to create a positive impact in the world. Delegates were encouraged to embrace change and take responsibility as they work toward making a meaningful difference in their communities and beyond.

The conference unfolded across 3 key areas: Understanding how change affects us and developing strategies to overcome its challenges.

Exploring the power of service in helping others and making a lasting impact.

Learning how collaboration with both local and global communities empowers us to drive change. It was a truly inspiring event that left students with invaluable insights on how to embrace change. CGSD, (above) sent 12 student and 2 adult dele-

gates to join the other 180 delegates from 21 schools. They all spent an enjoyable week learning about other cultures and participating in exciting activities on the theme.
