MARCH 2026

Dear Parents,

It was a February morning, the fifth to be exact. Our students, big and small, were dressed in cheerful shades of orange and yellow, wearing the most gorgeous ornament of all, their smiles. On our rooftop field, they gathered in groups and enjoyed an array of pithas. I was especially delighted to see that when I quizzed our Class 1 students, they knew exactly what they wanted and could name each item with confidence.

On the other side of the open space, teachers were engaged in painting tote bags with artwork that represented them. There were flowers, butterflies, the Bangladesh flag, two koi fish in yin and yang, and even a paper boat navigating a stormy sea. With music playing softly in the background to match the mood, the entire scene felt like a much-needed respite for both students and teachers alike. February also marked the completion of the Winter Term examinations. With Ramadan underway, many students fasted while sitting for their exams, and they deserve special kudos for their dedication and resilience. As we now approach the Parent Teacher Meetings, we hope to use the valuable feedback from both parents and teachers to move forward positively. The upcoming Ramadan break will offer families the opportunity to spend meaningful time together and focus on fasting, prayer, spiritual reflection, and charity. After the examinations, this will be a welcome relief.

Our O' and A' Level students are about to begin their study break. This is a crucial time when parental guidance and mentoring are essential to help them establish a disciplined routine in the final weeks before their examinations. Adequate rest and healthy eating will be key to maintaining focus and retaining learning. We wish them the very best, and would like to reassure parents that all subject teachers remain available on campus to support students whenever needed.

Eid Mubarak!

Rubaiyat Razzaque

ANNUAL TEACHER'S CONVENTION

Our wonderful teaching and admin faculty pictured below at the annual event below in February.

RS CONFERENCE, SOUTH KOREA

17 CGS students accompanied by Ms. Mousumi Akter and Ms Mehzabeen Aziz participated in the RS conference hosted by CheongShim International Academy in South Korea. Centred on the evocative theme, 'A Baraza for Hope in Sustainable Culture,' the event brought together student delegates from around the world to explore the intersection of traditional heritage and modern sustainability.

The conference itinerary was a blend of intellectual rigor, cultural immersion, and classic adolescent adventure. Delegates visited iconic South Korean landmarks, including Gyeongbokgung Palace and traditional folk villages, to experience the country's rich history firsthand. The schedule included a visit to the vibrant Hongdae district for theatre performances, attending the world-famous Nanta non-verbal percussion show, and a special screening of the movie Wonder to spark discussions on empathy. A major highlight was a trip to Lotte World, where delegates bonded over theme park rides, and a lively 'Cultural Night' featuring international dance performances and celebrations.

CGSD ACP & TALENT HUNT

Students from PG to class 11 participated with great enthusiasm, showcasing their talents in singing, dancing, and drama at the recent talent hunt. The jury evaluated performances, and participants were awarded points and prize money based on their performances - the atmosphere throughout the evening was filled with joy, excitement, and positive energy.

YOUR WORLD VIDEO COMPETITION

Students recently participated in the British Council's Your World Video Competition last year, a global initiative that brings together young people to creatively engage with the United Nations Sustainable Development Goals (SDGs). Our team (below) created a meaningful video highlighting the importance waste management and extended their project by working with our community school for practical practices.

PITHA UTSHOB 2026

Mathematics (Mechanics): Afsara
Mathematics (Statistics): Aaryan
Business: Aaryan
Computer Science: Asif
Accounting: Evan
Economics: Burhan
Kindness Guardian: Zaeem

Happy Birthday to
 Farhan for the 18th of March!

Class News...

Dear Parents and Students,

As we progress through the holy month of Ramadan, we kindly remind students to continue their preparation for Mock 3, scheduled to begin on 1 March. We also look forward to your participation in the Parent–Teacher Meeting on 10 March.

May this Ramadan bring peace, blessings, and success to all, and we wish you a happy and joyful Eid Mubarak.

Warm regards,
 Class 11 Teachers
