DISA Professional Development Workshop A team of CGSD teachers and management members attended the DISA Professional Development Workshop held at Aga Khan Academy. The workshop provided an excellent platform for educators to exchange best practices, explore innovative teaching strategies, and engage in meaningful professional learning. Through collaborative discussions and interactive sessions, participants gained valuable insights to further enrich the learning experience at CGSD.

Head's Message

Dear Parents,

There was a time when polishing shoes the night before school, ironing uniforms neatly, and checking if our nails were trimmed were simply part of growing up. These little routines may seem old fashioned today, but they quietly taught us responsibility, discipline and pride in presenting ourselves well. A school uniform is not just about appearance. It reflects professionalism and respect for the school community. Recently, we have noticed students becoming a little more relaxed about maintaining proper uniform standards. At school, we are working on encouraging these important habits once again, and we request parents to support us at home so that together, we can help our children carry these values forward.

We are also proud of how our association with the Dhaka International Schools Association (DISA) continues to benefit our school community. This year's Professional Development sessions, hosted by Aga Khan Academy, provided valuable opportunities for learning, collaboration and networking among educators. It was especially a proud moment to see our own HR team, Academic Coordinators and Student Counsellor conduct sessions on highly relevant topics, representing our school with excellence.

And finally, I would like to take a moment to share that we are deeply mourning the loss of a CGSD alumnus from the batch of 2019-20, Mahadev Ghosh. His teachers continue to speak of his pure heart, innocence and warm bond with everyone around him. May his gentle soul rest in peace.

Best regards,
Rubaiyat Razzaque
Head of School, CGSD

Happy Holidays!

CGSD Partners with Playhouse

CGSD is proud to announce its partnership with Playhouse, a Montessori-based preschool dedicated to nurturing young minds through exploration, creativity, and hands-on learning. This collaboration marks an exciting step in creating a strong early learning foundation for children and supporting families from the very beginning of their educational journey.

Environmental Stewardship Programme

CGSD hosted an insightful Environmental Stewardship session featuring Ms Tanzina Dilshad, Program Manager for Environment and Energy at the European Union Delegation to Bangladesh, alongside Ms Amina, Director of the Environmental Stewardship Programme at CGS. The session encouraged meaningful discussions on sustainability, environmental responsibility, and the role young people can play in creating positive change. The programme continues to inspire environmental awareness and responsible action within the CGSD community.

Basecamp Adventure Day

Our Class 3 and 4 students enjoyed an unforgettable day at Basecamp, where adventure, creativity, and learning came together in the heart of nature. From ziplining through the trees and trying archery to building with LEGO, painting, clay work, and solving outdoor puzzles, every activity encouraged exploration and teamwork. The experience allowed students to challenge themselves, think creatively, and learn beyond the walls of the classroom. It was truly a day of discovery, growth, and joyful learning.

CGSD at the Admission Fair 2026

CGSD proudly participated in the English Medium School Admission Fair 2026 and was featured in Prothom Alo. The event provided a wonderful opportunity to connect with prospective families and share CGSD's vision of holistic education and learning beyond classrooms. Visitors explored our programmes, values, and vibrant school culture while engaging with members of the CGSD community.

2026 Batch Farewell

CGSD recently hosted a farewell for the O Level Batch of 2026 as they began their study leave and prepared to sit for their examinations. As they step into this important phase, we wish them confidence, success, and strength in the days ahead. We look forward to welcoming them back for their A Level journey at CGSD!

Remembering Mahadev Ghosh

Mahadev Ghosh joined the CGSD family in 2011 and completed his O Levels with the 2019-2020 batch. Over the years, he grew into a gentle, kind-hearted individual whose warmth and sincerity touched everyone around him. Loved deeply by friends, teachers, and the school community, Mahadev leaves behind memories that will forever remain in our hearts. His journey at CGSD stands as a beautiful reminder of friendship, compassion, and the lasting bonds formed within our community.

Achievement Awards

English	: Waniya
Maths	: Wisama
Writing Skills	: Lihaan
Art	: Eleanor
Conversation	: Iyaan
Hygiene Habits	: Sabir

June Birthdays

Iyaan for the 29th.
Happy Birthday!

Dear Parents,

At CGSD, we prioritise extracurricular activities (ECA) because we believe they are vital to our students' overall development. A poster display showcasing their ECA journey for the 2025–26 session will be held alongside an Art Exhibition on 30 June 2026. Parents will be invited to view their children's progress throughout the year. With Eid ul Adha around the corner, we wish you a safe and enjoyable holiday with your family. To mark the end of this meaningful academic year and celebrate our students' achievements, we are excited to host a Class Party on Tuesday, 30 June 2026. We extend our heartfelt gratitude for your unwavering support and cooperation!

Best wishes,
Playgroup Teachers

Class News...

This month, we celebrated Mother's Day, during which children expressed their gratitude and appreciation for their mothers, making the occasion truly special. We also carried out hands-on activities on Earth Day, where our little learners discovered that small actions can make a big difference in caring for our planet. Students participated in the CGSD Spelling Bee Competition 2026. Congratulations to the winners! In addition, Round 1 of the Mental Maths Competition has come to a close.

Students celebrated Mother's Day with joy and warmth, creating meaningful memories and strengthening their bond with their mothers.
